

Fulfill Your Financial Destiny Graduate

Description:

This course will give you Scriptural support for the belief that God delights in the prosperity of His children (Psalm 35:27). It is His desire that we lend and not borrow. We are to be the head and not the tail, above and not underneath (Deut. 28:10, 11). God Himself teaches us to profit (Isaiah 48:17) and has given us the power to make wealth (Deut. 8:18). Several hundred verses in the Bible about silver and gold will be examined, along with a philosophy concerning money, showing that we are to create and release wealth into the kingdom of God. The primary objective of this course is that your head and your heart be united in a firm belief that God wants to prosper you so that you can extend the kingdom by giving to those in need and fulfilling the dreams God has placed in your heart.

Standards for Grading Assignments

As indicated below, "C" or 2.0 level work is considered average. **Leaders are not average people.** You are therefore expected (required) to put forth the effort necessary to demonstrate at least "B" (3.0) level work or higher on all assignments which you submit. Any which do not will be returned to you with input from your instructor on how you can raise your grade to the expected level. **A course grade will not be given until your assignments demonstrate that you have understood the material presented in the course and allowed your life to be transformed by the Spirit and the Word studied** — the requirements for attaining a "B".

Your individual assignments (notebooks, tests, reports) will be graded according to the following standards. These grades will be averaged together to determine your course grade. Remember, we are training leaders and leaders are above-average people. Your work will reflect that.

- "D"
 - Indicates barely passing work that is inferior to the average both in quantity and in quality.
 - Manifests a lack of initiative or sense of responsibility or both.
- "C"
 - Average work; either steady work of an acceptable quality, or work of a high quality which is uneven, irregular or fragmentary.
 - May be mechanically or outwardly correct but shows little reflection upon or personal assimilation of the material.
- "B"
 - Intelligently has fulfilled the requirements of this course.
 - Understands the subject matter presented and has applied it to his life in a limited manner but has not really made the truths his own.
- "A"
 - Grasped the material with thoroughness, industry and correctness of detail.
 - Made the material his own by thinking about it and integrating it, using originality, natural ability, and insight.
