

Communion with God

Course Description:

Have you ever wished you could sit down and have a long talk with the Lord? When you're worried or confused, wouldn't you love to see the situation from His perspective and hear how He wants you to respond? When things don't seem to be going your way and your prayers aren't answered the way you had hoped, wouldn't it be great to hear Him tell you where He is in the midst of it, and what He is working out in your life?

Jesus promised that "My sheep hear My voice" (Jn. 10:27). If you are one of His sheep, then He is speaking to you and you are hearing His voice! The problem is that we have not learned how to recognize His voice and differentiate it from all of the other voices that bombard our hearts and minds. This course will help you discern the voice of the Lord within your heart, clearly and consistently, leading to a deeper intimacy with Him as well as greater faith, hope and joy. Your life will be transformed!

Attitudinal

As a result of your application of the truths you learn in this course, you may recognize certain changes taking place in your attitudes, adjusting them to the following:

- You will recognize any tendencies toward phariseeism within yourself and seek the grace of the Lord to remove it far from you.
- You will have confidence in God's power to keep you from the snares of the enemy as you seek His face in spiritual encounter.
- You will have no fear of New Age deceptions because of your confidence in the keeping power of God and your knowledge of the errors of New Age teaching and practice.
- You will have a better understanding of the way God made you, either more right-brain or left-brain. With this understanding will come an appreciation of your strengths and a respect for the strengths of those who differ from you.
- You will be grateful for the gift God has provided for you through submission/accountability relationships. You will honor those who "watch over your soul," submitting to them joyfully and with confidence that the Lord is working His perfect will through them.
- You will have an increased awareness of God's overwhelming love for you and His desire to have an intimate relationship with you. This sense of being loved will awaken within you a greater desire to spend time in communion with the Lover of your soul.

Behavioral

If you apply the teaching of this course to your life, you will be changed. Some of these changes will be as follows:

- You will have a regular time of communing with the Lord with the use of journaling at least twice a week.
- You will have approximately three counselors to whom you submit all questionable journaling and any major decisions.

Standards for Grading Assignments

As indicated below, "C" or 2.0 level work is considered average. **Leaders are not average people.** You are therefore expected (required) to put forth the effort necessary to demonstrate at least "B" (3.0) level work or higher on all assignments which you submit. Any which do not will be returned to you with input from your instructor on how you can raise your grade to the expected level. **A course grade will not be given until your assignments demonstrate that you have understood the material presented in the course and allowed your life to be transformed by the Spirit and the Word studied** — the requirements for attaining a "B".

Your individual assignments (notebooks, tests, reports) will be graded according to the following standards. These grades will be averaged together to determine your course grade. Remember, we are training leaders and leaders are above-average people. Your work will reflect that.

- "D"
 - Indicates barely passing work that is inferior to the average both in quantity and in quality.
 - Manifests a lack of initiative or sense of responsibility or both.
- "C"
 - Average work; either steady work of an acceptable quality, or work of a high quality which is uneven, irregular or fragmentary.
 - May be mechanically or outwardly correct but shows little reflection upon or personal assimilation of the material.
- "B"
 - Intelligently has fulfilled the requirements of this course.
 - Understands the subject matter presented and has applied it to his life in a limited manner but has not really made the truths his own.
- "A"
 - Grasped the material with thoroughness, industry and correctness of detail.
 - Made the material his own by thinking about it and integrating it, using originality, natural ability, and insight.

- You will know and use whatever biblical techniques are most effective in bringing you to stillness.
- You will regularly present the eyes of your heart to the Lord to enhance the quality and depth of your encounters with Him.

Course Texts:

4 Keys to Hearing God's Voice by Mark Virkler

Dialogue with God by Mark Virkler

"4 Keys to Hearing God's Voice" CDs or DVDs by Mark Virkler

"LEARN 4 Keys to Hearing God's Voice notebook"

Talking with Jesus by Evelyn Klumpenhauer

Course Requirements:

1. Classroom students must regularly attend and participate in class. Extension students must listen to the CDs or watch the DVDs of the entire course as assigned.
2. Read the complete text *4 Keys to Hearing God's Voice* thoroughly and completely, answering all related questions found here in your Student Notebook, and receiving at least a "B" on your work.
3. Completely read *Dialogue with God* by Mark Virkler as assigned.

IMPORTANT NOTE: You will notice that all of the instructional materials for this course were written by the same authors, and that they all teach essentially the same truths. So be prepared: there will be repetition in your lessons. The chapter from the *4 Keys to Hearing God's Voice* book will talk about the same thing as the chapter in *Dialogue with God* which will be the same teaching as on the CD or DVD.

You are required to read both books and listen to or watch the teaching because each of us learns differently. Some of us love stories and some prefer charts or outlines. Some of us are visual learners who must see in order to comprehend, and some of us are auditory learners who absorb best by hearing. The teaching of this course is foundational to all of the other *lamad* courses, as well as foundational to your spiritual life. All *lamad* courses are built on the ability to recognize God's voice and be taught by Him.

So we are doing our best to be sure that you "get it." For some of you it may seem like overkill. But others will be totally unaffected by two of the sources but will have revelation break forth in the third. If you absorb all of the truth in your first assignment of the lesson, realize that you might learn something in one of the other resources that will be the tool you need to help someone else move into a fuller relationship with the Lord when you share it with them.

4. You will be asked to affirm that you have journaled at least twice a week for the last eight weeks of the course.
 5. Use the book *Talking with Jesus* as part of your daily devotions for the entire time you are taking this course. Simply use the entry in the book for whatever the date is right now. The words in this devotional are the result of Evelyn using the four keys to hearing God's voice being learned in this course to meditate upon and journal about Scripture. Using this as part of your devotions will facilitate your skill in hearing God's voice in several ways: first, you will become more comfortable with the sound of God's voice speaking directly to you, as the Holy Spirit in you will sound very much like the Holy Spirit in Evelyn. Also, it will familiarize you with the practice of journaling about the Scriptures. This is a very life-giving experience and one you will want to develop.
- There will be no questions or exercises to correspond with this text, but you will be asked at the end of the course to affirm that you have faithfully read it.
6. You are required to earn at least 85% on Test One (due week 7) and the Final Test (due week 12). The Course Objectives are the key to success on the tests.
 7. Submit a paper (due week 12) discussing how your life has been affected as a result of your encounter with God through this course. What changes has He brought in your understanding, attitudes, and behavior? Who are the people He has placed as counselors in your life? What are the methods which are most effective in bringing you to stillness? How have you used vision and what have the results been? Most importantly, how has your relationship to the Lord been affected as a result of this study? This paper is to be a minimum of five type-written pages and is due at the end of the course. You must receive at least a "B" on this paper.

8. Foundational to *lamad* learning is the meditation upon and memorization of Scripture. You will be required to memorize Bible verses and passages in every one of your *lamad* courses. This is not just busy work! Each verse has been carefully chosen to support and complement the principles of the course and the lesson it is a part of. Memorizing Scripture builds a foundation of truth in your heart that the Spirit will be able to draw from to speak to you and lead you and comfort you and correct you throughout the rest of your life.

Therefore, the following is the expected procedure for your Scripture memory work for this and all future *lamad* courses:

1) *Write out* the Scripture verse at least once. You are required to write out the assigned verse and include

it with your answers to exercises for each lesson. It is also recommended that you write the verse with your own hand (rather than typing it on your computer) on a 3x5 card to carry with you during the week to help you with your memorization.

2) *Meditate* on the verse(s). Think about what it means and why it was chosen for this course and this lesson. Discuss (in your answers that you will be submitting to your instructor) how the verse applies to the principles of the lesson and/or the course.

3) Ask the Spirit to show you what He wants to say to you through it. Once you have learned two-way journaling, *journal* about the verse. Write down what the Lord says to you. Include your journaling in your course work that will be submitted to your instructor.

7. **Journaling:** Do some two-way journaling using all four of these keys at the same time. Picture yourself as an 8-year-old child coming to Jesus. If you can't write easily then draw a picture. Put a smile on your face as you are together with Jesus and thank Him for being there. Ask the following questions (one per day): "Lord, do You want to speak to me? Lord, do You love me? Lord, what do You want to say to me?" Share your journaling with someone you respect in the Lord, and ask if their spirit bears witness it came from the Lord.

2. Contrast the beliefs of the New Age with the beliefs of orthodox Christianity.

If you disagree with Virkler's definition, state the meaning of submission that you would be willing to apply both to those to whom you submit and to those who submit to you.

c) Would embracing this definition change the dynamics of any of your personal relationships? How?

If you skip doing this, this course will not work for you! You must learn to use spiritual advisors!
