## Increasing the Anointing

### Description

The key to the successful Christian life is walking and living in the anointing of the Holy Spirit. This course has three emphases: First we examine the anointing of the Holy Spirit and how the anointing can be increased in our lives. From there we go on to increase our awareness of our spirits. All 1400 verses of Scripture that deal with the heart and spirit of man are closely considered with the one supreme objective of learning to sense our spirit and the Spirit of Christ within our spirit. In addition, we seek to become better acquainted with our Helper and Comforter, the Holy Spirit.

## Standards for Grading Assignments

As indicated below, “C” or 2.0 level work is considered average. **Leaders are not average people.** You are therefore expected (required) to put forth the effort necessary to demonstrate at least “B” (3.0) level work or higher on all assignments which you submit. Any which do not will be returned to you with input from your instructor on how you can raise your grade to the expected level. **A course grade will not be given until your assignments demonstrate that you have understood the material presented in the course and allowed your life to be transformed by the Spirit and the Word studied** — the requirements for attaining a “B”.

Your individual assignments (notebooks, tests, reports) will be graded according to the following standards. These grades will be averaged together to determine your course grade. Remember, CLU is training leaders and leaders are above-average people. Your work will reflect that.

- “D”
  - Indicates barely passing work that is inferior to the average both in quantity and in quality.
  - Manifests a lack of initiative or sense of responsibility or both.
- “C”
  - Average work; either steady work of an acceptable quality, or work of a high quality which is uneven, irregular or fragmentary.
  - May be mechanically or outwardly correct but shows little reflection upon or personal assimilation of the material.
- “B”
  - Intelligently has fulfilled the requirements of this course.
  - Understands the subject matter presented and has applied it to his life in a limited manner but has not really made the truths his own.
- “A”
  - Grasped the material with thoroughness, industry and correctness of detail.
  - Made the material his own by thinking about it and integrating it, using originality, natural ability, and insight.

## Attitudinal

- You will be aware of the condition of your spirit and the influences that have created that condition.
- You will devote your whole heart to the Lord.
- You will live centered on Christ, that you may not respond to outward manifestations but, by the power of the Spirit, look upon the heart and meet the needs you see there.
- You will be aware of the dynamic of transference of spirits and guard your heart that you may only give and receive from the Spirit of Christ.
- You will honor your dreams as instruments of God for revelation and wisdom.

## Behavioral
