# BUS102 Fulfill Your Financial Destiny

## *3 credits*

---

### **Description:**

Money. We basically give our lives in exchange for it. Yet as Christians, many of us have a love-hate relationship with money. We know we need to earn enough to care for our families, but we can't want it too much or it becomes an idol. Our entire theology about finances is built on the often (mis)quoted verse, "Money is the root of all evil." But the Bible has much more to say about money than that one verse. In fact, when you combine the verses on gold, silver, money, tithe, giving, alms, blessing, curse, wealth and poverty, you find four times as many references as there are on faith or prayer! Clearly, this subject is important to God, and therefore it is important to us to have His perspective on it. As a Jesus-follower, what is the financial destiny He wants for you? (Prerequisite: REN103/503)

## Standards for Grading Assignments

As indicated below, “C” or 2.0 level work is considered average. **Leaders are not average people.** You are therefore expected (required) to put forth the effort necessary to demonstrate at least “B” (3.0) level work or higher on all assignments which you submit. Any which do not will be returned to you with input from your instructor on how you can raise your grade to the expected level. **A course grade will not be given until your assignments demonstrate that you have understood the material presented in the course and allowed your life to be transformed by the Spirit and the Word studied** — the requirements for attaining a “B”.

Your individual assignments (notebooks, tests, reports) will be graded according to the following standards. These grades will be averaged together to determine your course grade. Remember, we are training leaders and leaders are above-average people. Your work will reflect that.

- “D”
  - Indicates barely passing work that is inferior to the average both in quantity and in quality.
  - Manifests a lack of initiative or sense of responsibility or both.
- “C”
  - Average work; either steady work of an acceptable quality, or work of a high quality which is uneven, irregular or fragmentary.
  - May be mechanically or outwardly correct but shows little reflection upon or personal assimilation of the material.
- “B”
  - Intelligently has fulfilled the requirements of this course.
  - Understands the subject matter presented and has applied it to his life in a limited manner but has not really made the truths his own.
- “A”
