

The Power of Kingdom Emotions Graduate

Course Description:

The central principle of this course is that our heart (emotions) must be in alignment with our mind (beliefs) in order to experience a miracle of divine healing. If our mind says, "I believe," and our heart feels, "This is not going to happen," the power of God is short-circuited. Visionary meditations are included to lead people into their own personal encounters with Jesus, allowing them to **feel His emotions** of love, joy and peace for themselves, thereby turning on healthy genes and unleashing healing power throughout their body.

Standards for Grading Assignments

As indicated below, “C” or 2.0 level work is considered average. **Leaders are not average people.** You are therefore expected (required) to put forth the effort necessary to demonstrate at least “B” (3.0) level work or higher on all assignments which you submit. Any which do not will be returned to you with input from your instructor on how you can raise your grade to the expected level. **A course grade will not be given until your assignments demonstrate that you have understood the material presented in the course and allowed your life to be transformed by the Spirit and the Word studied** — the requirements for attaining a “B”.

Your individual assignments (notebooks, tests, reports) will be graded according to the following standards. These grades will be averaged together to determine your course grade. Remember, we are training leaders and leaders are above-average people. Your work will reflect that.

- “D”
 - Indicates barely passing work that is inferior to the average both in quantity and in quality.
 - Manifests a lack of initiative or sense of responsibility or both.
- “C”
 - Average work; either steady work of an acceptable quality, or work of a high quality which is uneven, irregular or fragmentary.
 - May be mechanically or outwardly correct but shows little reflection upon or personal assimilation of the material.
- “B”
 - Intelligently has fulfilled the requirements of this course.
 - Understands the subject matter presented and has applied it to his life in a limited manner but has not really made the truths his own.
- “A”
 - Grasped the material with thoroughness, industry and correctness of detail.
 - Made the material his own by thinking about it and integrating it, using originality, natural ability, and insight.

- You will watch for dreams and visions from the Lord that reveal the real you as He sees you, then ponder them in your heart.
- You will recognize when you are being double-minded and learn to fill your day with only positive, life-giving, health-producing thoughts and pictures.
- You will recognize and depend on the energy of the Holy Spirit within you and flowing through you as you walk through your days.
- You will embrace compassion as a high-value priority in kingdom living.
- You will consciously practice the skills you need to ride the waves of God's compassion until they become automatic.
- You will experience clearing of your cellular memories that result in healing of your body.
- You will speak only God's words and express only His thoughts.
- You will see Satan as he really is and yourself as you really are.
- You will begin experimenting with new kinds of prayers and refreshing ones you have used in the past.
