
THE312 Developing a Victorious Eschatology

3 Credits

Description:

Are you longing to know what's next on God's calendar? Is the rapture really coming any minute? Will the antichrist destroy me and my family? How can Christians be of the same faith, and believe so differently when it comes to Eschatology? If these are questions which you find yourself asking, this course will guide you through developing a victory mindset of what is to come, leading you to fix your eyes on Jesus and keep hope!

With so many divisions among Christians already existing, this course is designed to help you close the gap of division and embrace those who may view the coming days through a different lens. Let us be beacons of hope in this world, rather than beacons of doom and gloom. To God be The Glory!

Course Requirements

1. Note your starting point; write a 1- to 3-page paper about your current views of eschatology before beginning the coursework. Discuss what you already know, and how you arrived at your current conclusions.
2. Read the complete text *An Exposure of Eschatological Viewpoints* thoroughly and completely, answering all related questions found here in your Student Notebook, and receiving at least a “B” on your work.
3. Completely read assigned portions of *Rose Guide to End Times Prophecy*, answering all related questions found here in your Student Notebook, and receiving at least a “B” on your work.
4. You will be asked to affirm that you have journaled at least twice a week throughout the course.
5. You are required to earn at least 85% on Test One (due week 7) and the Final Test (due week 12). The Course Objectives are the key to success on the tests.

6. Submit a paper (due week 12) discussing how your life has been affected as a result of your encounter with God through this course. What changes has He brought in your understanding, attitudes, and behavior? If and how your views of Eschatology have changed. Who are the people He has placed as counselors in your life concerning Eschatology? Most importantly, how has your relationship to the Lord been affected as a result of this study? This paper is to be a minimum of five type-written pages, double-spaced at no greater than 12-point font and is due at the end of the course. You must receive at least a “B” on this paper.
7. Submit a personal conclusion (due week 12) which reflects where you started (refer back to your initial paper), includes bits of your journaling and indicates the journey The Lord led you on. This is a reflection; there is no page requirement. Twelve-point font, double spaced writing is acceptable.
8. Foundational to lamad learning is the meditation upon and memorization of Scripture. You will be required to memorize Bible verses and passages in every one of your lamad courses. This is not just busy work! Each verse has been carefully chosen to support and complement the principles of the course and the lesson it is a part of. Memorizing Scripture builds a foundation of truth in your heart that the Spirit will be able to draw from to speak to you and lead you and comfort you and correct you throughout the rest of your life.

Therefore, the following is the expected procedure for your Scripture memory work for this and all lamad courses:

- 1) Write out the Scripture verse at least once. You are required to write out the assigned verse and include it with your answers to exercises for each lesson. It is also recommended that you write the verse with your own hand (rather than typing it on your computer) on a 3x5 card to carry with you during the week to help you with your memorization.
- 2) Meditate on the verse(s). Think about what it means and why it was chosen for this course. Discuss (in your answers that you will

be submitting to your instructor) how the verse applies to the principles of the lesson and/or the course.

- 3) Ask the Spirit to show you what He wants to say to you through it. Using two-way journaling, journal about the verse. Write down what the Lord says to you. Include your journaling in your course work that will be submitted to your instructor.

Standards for Grading Assignments

As indicated below, “C” or 2.0 level work is considered average. **Leaders are not average people.** You are therefore expected (required) to put forth the effort necessary to demonstrate at least “B” (3.0) level work or higher on all assignments which you submit. Any which do not will be returned to you with input from your instructor on how you can raise your grade to the expected level. **A course grade will not be given until your assignments demonstrate that you have understood the material presented in the course and allowed your life to be transformed by the Spirit and the Word studied** — the requirements for attaining a “B”.

Your individual assignments (notebooks, tests, reports) will be graded according to the following standards. These grades will be averaged together to determine your course grade. Remember, we are training leaders and leaders are above-average people. Your work will reflect that.

- “D”
 - Indicates barely passing work that is inferior to the average both in quantity and in quality.
 - Manifests a lack of initiative or sense of responsibility or both.
- “C”
 - Average work; either steady work of an acceptable quality, or work of a high quality which is uneven, irregular or fragmentary.
 - May be mechanically or outwardly correct but shows little reflection upon or personal assimilation of the material.
- “B”
 - Intelligently has fulfilled the requirements of this course.
 - Understands the subject matter presented and has applied it to his life in a limited manner but has not really made the truths his own.
- “A”
 - Grasped the material with thoroughness, industry and correctness of detail.
 - Made the material his own by thinking about it and integrating it, using originality, natural ability, and insight.
